

AX
determining whether diversity is appropriate; and
providing a control signal to said second radio frequency processing circuit to
selectively activate and deactivate said second radio frequency processing circuit based on
said determination as to whether diversity is appropriate.

REMARKS

The above amendment is being submitted to correct a typographical error in claim
13. No new matter has been added. A favorable action on the merits is respectfully
requested.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
